

FOR ADDED CUSTOMER CONVENIENCE—The above picture is one view of the newly re-modeled J. M. McDonald Co. department store here. The store has been modernized with up-to-date customer selection counters and indirectly lighted wall fixtures. The picture shows the ladies' department of the store which features purses, bags, lingerie, ready made wear, piece goods, sewing accessories and bedding. The complete men's and shoe department is to the right of the pictured area. A formal opening event is being planned this week end to acquaint patrons with the new arrangement.

MCDONALDS TO HAVE OPEN HOUSE FOLLOWING REMODELING

The J. M. McDonald Co. department store here will have a formal opening event this week end following the recent re-modeling which was completed this week.

Donley Williams, store manager, who supervised the modernization project, said that the new style counter arrangement will enable the shopper to get a better visual selection of the merchandise and wider aisles will also add to the customers' convenience in shopping in the local store.

This is a part of an improvement program of the company

to update their 102 stores in 12 midwestern and western states. Also improved in the program is the store in Stamford.

In the re-modeling, natural finished counters and display cases were installed and wall fixtures were lighted. The modern trend was followed in the painting of the fixtures and wall counters as the wall colors of green, yellow and rose were used.

This is first extensive remodeling that has been done since the initial changes were made when the store was purchased from Bryant-Link in 1951.

Coffee and doughnuts will be served Friday and Saturday. Customers will register for many prizes which will be presented after a drawing at 6 p.m. Saturday.

FUND TO ASSIST JACK HAMES FAMILY STARTED THIS WEEK

A drive is being opened this week by the Hamlin Herald for the E. M. (Jack) Hames family to assist with family and medical expenses following Mr. Hames' serious accident February 8 in Midland.

Ira Clements and N. L. Crowley have been named administrators of the fund. Contributions may be mailed to the Herald office, Box 188, or to the The Jack Hames Fund at the Farmers and Merchants National Bank. Names of donors will be published weekly unless anonymity is requested.

Hames fell from a house he was dismantling and is now in the Midland Memorial Hospital. His left hip was broken

in five places, his back is broken and his pelvis bone is fractured. Also his left leg and arm are broken and his right foot was crushed. Surgery has been performed on his hip and the first part of next week he will have surgery on his foot.

According to his wife, who has been with him since his injury, his condition is good but due to the extent of his injuries he will require constant nursing care and will have to remain in the hospital for several weeks. Then an extensive convalescent period will be necessary before he is able to return to work.

A resident of Hamlin for approximately 24 years, Hames is a trucking contractor and also moves houses. He was previously in business in Abilene and operated a laundry in Sylvester for a time. He is a member of the Faith Methodist Church where he serves as chairman of the official Board and was teacher for the Men's Bible Class before going to Midland for work several months ago. He belongs to the Masonic Lodge, the MacKenzie Trail, the BCD, and is a member at large of the Lions Club.

Hames was stricken with polio when he was four years of age. At thirteen he was admitted to the Shriners' Hospital at St. Louis, Missouri, where he underwent surgery and received treatment for a long period of time. His left leg is still crippled as a result of the polio.

Mr. and Mrs. Hames have five children. Their youngest daughter, Patty, was critically burned in July, 1962. She received treatment at the Burn Center in San Antonio until the last of September and will have to return in June for further plastic surgery.

Since it is necessary for Mrs. Hames to stay with her husband in Midland arrangements have been made for a sister to care for the children who are all of school age. Mrs. Hames' parents, who live in Oklahoma, were unable to come here to stay with the children because of the illness of her father who is to have surgery there this week.

Hames has two older children from a previous marriage, a son, Melvin of Dallas, a 1956 graduate of Hamlin High School and a daughter, Mrs. John T. (Joy Faye) Pope. Mrs. Pope is living here now with her grandmother, Mrs. Susie Ola Hames, while she completes a beauty course in Abilene. Her husband is stationed with the Air Force in Cheyenne, Wyoming.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Winter weather has stayed with us most of the time for the last week, not severe, just cold enough to keep the fruit trees from budding out and getting killed again, as they did last year. All indications are for rain, but so far it hasn't made it, here is hoping that all signs do not fail, and we get some more moisture before too long, for well we all remember the dry years we have had in the past and they certainly aren't a very pretty thing to contemplate.

Services were well attended Sunday morning, if some what cold, as the fires were not lighted before hand and the house was colder than was anticipated but at least it was warm for the night services.

Mr. and Mrs. Bill Johnson, new residents of Hamlin and as we understand, also newly weds, attended church Wednesday night and Sunday morning. They came with the Jack Wrights, Bill being employed at the Chevrolet House where Jack works.

Other visitors Wednesday night were Mrs. Doyle Combs and girls, Brenda and Cathy.

Johnny and Sherri Combs spent from Sunday until Thursday with the Woodrow Goodwins, while their parents were moving. Owing to the snow and bad weather they did not get moved until Wednesday, but a number of pickups came from Andrews and moved their household good. Rev. and Mrs. Combs and children spent Wednesday night with the Goodwins. Thursday doing other visiting, going on to their new

home in Andrews Friday morning. Our pastor and wife report that after over a month of being torn up, moving, sickness and having their house remodeled, they are about to get all straightened out again. They are living in Rotan and well pleased with their new home.

Mr. and Mrs. H. L. Ford went to the Rosenbaums Tuesday night and they had some good 42 games.

Mr. and Mrs. E. A. Henry visited in Rule Thursday afternoon with Mrs. Sue Henry and Mrs. Jim Norman.

Mr. John Goodwin, returned to his home in California, Sunday, after spending almost two weeks with his brother, Woodrow, and other brothers and sisters of the vicinity.

It was learned that one of the brothers, Ralph Goodwin, Eastland, had fallen on the ice last Wednesday and broke a leg. At last report he was doing nicely.

We were sorry to learn that Mrs. Johnnie Agnew had major surgery in Hamlin Hospital, early Saturday morning. Latest report is that she is also doing well.

Mr. and Mrs. J. H. Carter, of the Hanna community, were visitors of the Winslow Grays Sunday afternoon.

Rev. and Mrs. Derrel Lewis and children, were dinner guests of the Elmer Joiners Sunday.

Linda Goodwin was on the sick list this week, she has the flu.

NEINDA PHILOSOPHER AMAZED TO LEARN GOVERNMENT REQUIRES SOME BUSINESSES TO MAKE A PROFIT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route one may be misinterpreting a law, but we aren't prepared to say.

Dear editor: Up to now, I haven't paid too much attention to Congress' struggle to change the tax laws this year, figuring it would take its time and anyway what it has done is not as bad as what it could do.

But I read an article last night that has bowled me over and I'm coming out for some immediate changes. According to it, a Texas millionaire who owns a professional football team at Dallas has been sat-

fied to let the team lose an enormous amount of money for the past three years, just taking it off his income tax. But under an Internal Revenue Service Law, he has only one more year to go, and if the team doesn't show a profit, he has to call it a hobby and go back and pay the taxes written off as losses the last three years.

This is a serious matter. You mean to say if I lose money four years in a row on this Johnson grass farm the government will call my farming a hobby and make me go back and pay income taxes on something I didn't make? Say I

lost money four years in a row raising cotton, you mean to say the government could claim I was raising cotton as a hobby?

This is the first time I ever knew there was a law requiring a man to make a profit. If enforcement of this thing spreads, it'll throw agriculture into a tailspin, not to say the penitentiary.

Up to now, farming was one of the few occupations where a man could lose money every year and still stay in business, and I'm appealing to you to use your influence to get Congress to repeal this law at once. Doesn't Washington know I've

had a good year when I can show a smaller loss than the year before?

You set out to tell a farmer he has to make a profit or be taxed for his losses and the bottom will fall out of agriculture.

In the mean time, while Congress is getting around to changing this rule, the least Washington can do is to double my government checks, just to keep me inside the law. I'll go along with such an arrangement, and Congress can take its time on the other part.

Yours faithfully,

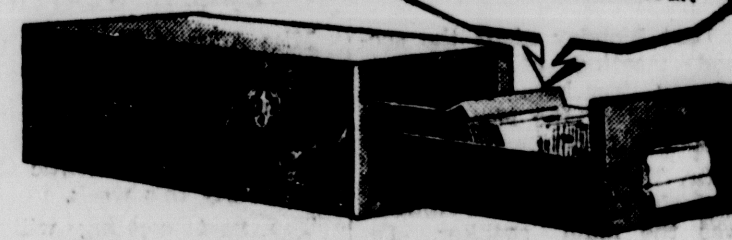

J. M.

Honored

Mrs. Wayne Boatwright was honored with a pink and blue shower Tuesday evening in the home of Mrs. Carl Bingham at 7 p.m. The hostesses were ladies of the W.M.A. of the Calvary Baptist Church.

Years Ago...

40 YEARS AGO

Evidently the recent and present cold weather has contributed to the influenza and pneumonia epidemic in and around Hamlin. Hardly a home but that has had the flu of light form. There are a few people very ill. Little Henry Albritton, son of Mr. and Mrs. Albritton, is considered very low with a case of pneumonia. There are dozens of other cases of lesser form. The Byrd Cash Grocery Store, across the street from the new light plant, is another of the new businesses on South Central Avenue. Just a few feet further down below the Byrd Grocery is the McGee Drive-in-Filling Station. Mr. McGee is just starting his up-to-date business. Just recently B. L. Jones got his radio hooked up and the thing plays for all that part of town. Jones has the loudest music box we have so far heard. The radio is only in its infancy its possibility is unlimited.

25 YEARS AGO

A total of 677 soil conservation checks, representing 505 contracts and totaling \$85,856.19, have been received by Jones County Farmers from the state office of the conservation committee. Mrs. R. E. Johnson entertained the Bluebird Bridge Club in her home Tuesday afternoon with three tables of contract play. Those present were Mmes. Elmer Feagan, Arice Jones, Ann Carmichael, John Ed Day, M. T. Woodward, Bob Low, Joe Culbertson, A. D. Ensley, L. H. McBride, Ted Bledsoe, F. D. Wells and Paul A. Fowler. Mr. and Mrs. O. L. Jenkins spent Sunday with their daughter Mrs. Earl Kiser, and family at Sylvester. Mr. and Mrs. Estel McCoy and baby accompanied them.

15 YEARS AGO

Club boys and girls from all over Jones County will be in Hamlin Saturday for the annual Boys Livestock Show. Starr Inzer, Hamlin rancher and wheat farmer, was elected president of the Hamlin Chamber of Commerce when members met Monday in business session. James Parker, a middle aged Hamlin negro, was burned to death Wednesday morning about 10:00 o'clock while he slept in the home of Rosie Martin. The house was completely destroyed. Mayor Holly Toler and three aldermen, L. H. McBride, B. M. Brundage and G. R. Bennett have filed their names for reelection to their respective offices in the city election set for April 6.

10 YEARS AGO

Only 2,598 poll taxes were issued by Jones County Tax Assessor Collector Elzy Bennett, he reports from his Anson office following the closing date January 31. Hamlin area's biggest oil producer was brought in Wednesday at noon on the Tom Holman place, two miles northwest of Hamlin. The well flowed 1400 barrels of oil in initial tests, it is reported. More than \$1,000 has been posted by the Chamber of Commerce of Stamford, Hamlin and Anson for winners in the annual Club Boys' Livestock Show, scheduled next week end at Stamford. Mrs. Elvin Hill wife of the high school football line coach has been named secretary of the Hamlin Chamber of Commerce.

5 YEARS AGO

A girl was born to Mr. and Mrs. Maxwell Rogers Murrell signed her is Kathryn Leigh on Valentine Day. Name as. She tipped the scales at seven pounds and two ounces. Twins were born February 16 to Mr. and Mrs. Fred Barry Moore Jr. The girl, who weighed six pounds five ounces, has been named Ann Patrice. The boy who weighed six pounds four ounces will answer to David Christopher. A girl for Mr. and Mrs. Ernest Garland Upshaw of Hamlin discovered America February 17. She balanced the scales at six pounds eight ounces and will answer to Peggy Denise.

"I DON'T SEE ANYTHING"

THERE IS ONLY ONE WAY TO SEE THROUGH A CAMERA

Did you ever try to look through a camera from the front side? Yes, most of us have... out of curiosity... but we would not even consider trying to take a picture in such a manner. There are many though, who go through life never giving themselves a chance to really see God. In order to see God, one must look at him through faith. Attend church regularly, seek God where others can help direct you in your search for God.

"So then faith cometh by hearing, and hearing by the word of God."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—According to description given the House Appropriations Committee relative to the governor's mansion, it's in bad shape. Howard Rose, executive assistant to Gov. John Connally, says: "On the north side, the mansion is settling so much, there is a gap of several inches between the floor and the bottom of the front door." He added, "There are cracks in the walls and ceiling; a good deal of furniture needs re-stuffing; and the stove won't work right four days in a row."

"Also says Rose, "we have only one coffee table in the house. If you don't want to hold your coffee cup, you either put it on the floor or balance it on your knee. In the Green Room, there are no pictures. And we don't have eight complete sets of silver."

This prompted Appropriations Committee Chairman Bill Heatly of Paducah to comment "I know we've spent between \$100,000 and \$125,000 on the mansion in the last six years."

Governor Connally has not requested any money for major repairs. He is asking for \$32,872 for each of the next two years to operate the mansion, including \$5,000 for utilities; \$1,500 for telephone expenses; and \$2,200 for "other supplies."

DELEGATIONS ORGANIZE — Texas' two largest delegations in the 58th legislature have organized for the purpose of working closely together "for better representation" of their region.

An 80-member Texas delegation elected Rep. John Allen of Longview as chairman.

About 30 West Texas legislators chose Rep. Richard C. Slack of Pecos as their leader.

COURT SHUFFLE PROPOSED—Rep. Henry Stollenwerck, young attorney from Dallas, appears to be the most active of the seven republican members of the house.

He is an aggressive participant in the five committee he's assigned to, and has co-sponsored bills by democrats. Stollenwerck feels he's been able to take an active part without defecting from the republican political philosophy to which he adheres.

After Governor Connally chided republican legislators for "obstructionism," Stollenwerck said, "The boys joke with me about what the governor said, and I just joke back and say I would be awfully disappointed if I thought he was talking about me."

He is author of a bill to move 12 district courts from places where filings and case-loads are meager, to more-populated locations with heavy case-loads.

District courts in this state have not been reapportioned since 1907. Several bills have been introduced by big-city legislators who claim their towns need additional courts.

Stollenwerck said some East and Central East Texas courts he proposed to move had only 150 filings in 1967, compared to 1,500 filings in many other district courts.

GAME AND FISH MERGER HOT TOPIC—Rep. James Cotton's bill to merge the Game and Fish Commission with the State Parks Board—originally proposed by Governor Connally and the legislative Budget Board—hasn't come out of committee yet. It's a most controversial subject.

Legislators are beginning to feel pressure from all directions. The South Texas Chamber of Commerce sent them copies of a resolution opposing the merger. Then the Sportsmen's Club of Texas issued a statement in favor of the plan.

If the Weatherford representative's bill passes, some of the six members of the Parks Board and nine members of the Game and Fish Commission will lose their posts, since the composite commission would be limited to three members. So some legislators are torn between loyalty to local appointees and a desire to "streamline" state government.

BUDGET TRIMMED — Meanwhile, the current Game and Fish Commission ran into trouble with the Legislative Budget Board. Commission's executive secretary, Howard Dodgen, requested that during 1968 it be allowed to spend the \$9,199,000 it will have available. But the budget recommended a biennial appropriation of \$3-

662,000 less than the agency requested.

POISON'S DANGERS CITED—Dr. Irwin L. Sawyer Jr. of San Antonio, director of the State Veterinary Medicine Association, appeared before the House Committee on Criminal Jurisprudence in favor of a bill by Rep. Howard Green, Fort Worth, to banish thallium pesticides from the market.

Dr. Sawyer described thallium as a heavy metal, which is colorless, odorless and tasteless in sulfate form.

"When mixed, thallium merely waits for a rat, a man, a child or a pet," he stated.

One reason it's so dangerous is that reaction to its poison may be delayed as long as 48 hours. Then it's too late for an antidote. "It's even hard to detect in post-mortem examination," said Sawyer.

FARMER LIABILITY LAW — Rep. W. T. Dungan of McKinney ran into some sharp questioning when he brought his bill before the House Judiciary Committee. Proposed bill would exempt farmers and ranchers from liability damage suits filed by injured sportsmen.

"The hunter pays the farmer to go on his land," Rep. W. H. Miller of Houston remarked. "That puts the farmer in business. Why not exempt the theater owner from damage suits filed by patrons who slip on popcorn sacks?"

After several other similar remarks, Dungan allowed that the wording of the bill might be improved. But he insisted that such a law would encourage more farmers and ranchers to open their lands to sportsmen.

DEFICIT DOWN — Deficit in the State General Revenue Fund was reduced in some two weeks from more than \$60,000,000 to \$35,401,125, according to a report by State Treasurer Jesse James.

Sharp drop was due to quarterly payments on the state's two per cent sales tax.

CRIME SPIRALS UPWARD — Texas' increase in major crimes during 1962 outstripped the population increase, according to Col. Homer Garrison Jr., director of the Department of Public Safety.

Colonel Garrison said an offense was committed on the average of one every two and one-half minutes last year. Crime jumped 6.6 per cent over the 1961 total.

Largest increase by population groups was 14.7 per cent in cities between 50,000 and 100,000. Largest decrease was 15.5 per cent in counties with less than five people per square rural mile.

APPOINTMENTS — Will Bond of Hillsboro was appointed by Governor Connally to a six-year term on the board of the State Department of Public Welfare. Bond's term was thus extended to January 20, 1969.

Hunter McLean of Fort Worth, newly-appointed member of the State Board of Insurance, was sworn in by Associate Justice Frank P. Culver Jr. of the State Supreme Court in Senate chambers ceremonies. McLean succeeds Dr. Joseph F. Trosper of Dallas whose term ended on January 31.

PENSIONS PROPOSED — A bill to provide retirement pensions ranging from \$190 to \$300 a month for elected officials has been introduced in the House.

Rep. George T. Hinson of Mineola and Joe Chapman of Sulphur Springs are the authors.

Hinson said their bill would pension the governor, lieutenant governor, state treasurer, state comptroller, land commissioner, agriculture commissioner, attorney general and members of the Railroad Commission.

REVENUE NOT ENOUGH — Senate finance committee is finding that the state does not have enough revenue in sight to "meet reasonable requests" of state institutions and agencies.

Sen. George Moffet of Chillicothe, chairman of the subcommittee hearing budget requests, told the Senate, "We can't add a lot more without having a new tax bill."

WRATH OF LADIES — Sen. Martin Dies of Lufkin says he

is misunderstood by the ladies. He voted against the "equal rights" amendment by the Senate.

"I knew I was going to catch it from the women," Dies said. "I wish they could see that I'm not against women's rights."

Dies' quarrel is with the constitutional revision route taken by a Senate majority. He believes statutes operating against women in the management and control of property and other matters should be repealed selectively, without disturbing laws that gave women needed protection.

DEFICIT FLUCTUATES — State General Revenue Fund now shows a deficit of \$60,508,881, State Treasurer Jesse James says.

This figure is up almost fifty per cent over the \$42,281,647 deficit reported on January 9.

In five places, his back is broken and his pelvis bone is fractured. Also his left leg and arm are broken and his right foot was crushed. Surgery has been performed on his hip and the first part of next week he will have surgery on his foot.

According to his wife, who has been with him since his injury, his condition is good but due to the extent of his injuries he will require constant nursing care and will have to remain in the hospital for several weeks. Then an extensive convalescent period will be necessary before he is able to return to work.

A resident of Hamlin for approximately 24 years, Hames is a trucking contractor and also moves houses. He was previously in business in Abilene and operated a laundry in Sylvester for a time. He is a member of the Faith Methodist Church where he serves as chairman of the official Board and was teacher for the Men's Bible Class before going to Midland for work several months ago. He belongs to the Masonic Lodge, the MacKenzie Trail, the BCD, and is a member at large of the Lions Club.

Hames was stricken with polio when he was four years of age. At thirteen he was admitted to the Shriners' Hospital at St. Louis, Missouri, where he underwent surgery and received treatment for a long period of time. His left leg is still crippled as a result of the polio.

Mr. and Mrs. Hames have five children. Their youngest daughter, Patty, was critically burned in July, 1962. She received treatment at the Burn Center in San Antonio until the last of September and will have to return in June for further plastic surgery.

Since it is necessary for Mrs. Hames to stay with her husband in Midland arrangements have been made for a sister to care for the children who are all of school age. Mrs. Hames' parents, who live in Oklahoma, were unable to come here to stay with the children because of the illness of her father who is to have surgery there this week.

Hames has two older children from a previous marriage, a son, Melvin of Dallas, a 1956 graduate of Hamlin High School and a daughter, Mrs. John T. (Joy Faye) Pope. Mrs. Pope is living here now with her grandmother, Mrs. Susie Oia Hames, while she completes a beauty course in Abilene. Her husband is stationed with the Air Force in Cheyenne, Wyoming.

First, the Jet-smooth Impala Super Sport with your choice of 7 different engines that range up to 125 hp and that include the popular Turbo-Fire 409* with 340 hp for the ultimate in smooth, responsive driving in modern traffic. Optional equipment, including Comfortilt steering wheel* that adjusts to your convenience, makes it as super a sport as you'd like.

There's the Chevy II Nova, also available in an SS version. Special instrument cluster. Front buckets. All-vinyl trim. Distinctive SS identification. Fourteen-inch wheels and tires* with full wheel disks. Three-speed shift or Powerglide* with floor-mounted shift console.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Winter weather has stayed with us most of the time for the last week, not severe, just cold enough to keep the fruit trees from budding out and getting killed again, as they did last year. All indications are for rain, but so far it hasn't made it, here is hoping that all signs do not fail, and we get some more moisture before too long, for well we all remember the dry years we have had in the past and they certainly aren't a very pretty thing to contemplate.

Services were well attended Sunday morning, if some what cold, as the fires were not lighted before hand and the house was colder than was anticipated but at least it was warm for the night services.

Mr. and Mrs. Bill Johnson, new residents of Hamlin and as we understand, also newly weds, attended church Wednesday night and Sunday morning. They came with the Jack Wrights, Bill being employed at the Chevrolet House where Jack works.

Other visitors Wednesday night were Mrs. Doyle Combs and girls Brenda and Cathy.

Johnny and Sherri Combs spent from Sunday until Thursday with the Woodrow Goodwins, while their parents were moving. Owing to the snow and bad weather they did not get moved until Wednesday, but a number of pickups came from Andrews and moved their household good. Rev. and Mrs. Combs and children spent Wednesday night with the Goodwins, Thursday doing other visiting, going on to their new

home in Andrews Friday morning.

Our pastor and wife report that after over a month of being torn up, moving, sickness and having their house remodeled, they are about to get all straightened out again. They are living in Rotan and well pleased with their new home.

Mr. and Mrs. H. L. Ford went to the Rosenbaums Tuesday night and they had some good 42 games.

Mr. and Mrs. E. A. Henry visited in Rule Thursday afternoon with Mrs. Sue Henry and Mrs. Jim Norman.

Mr. John Goodwin, returned to his home in California, Sunday, after spending almost two weeks with his brother, Woodrow, and other brothers and sisters of the vicinity.

It was learned that one of the brothers, Ralph Goodwin, Eastland, had fallen on the ice last Wednesday and broke a leg. At last report he was doing nicely.

We were sorry to learn that Mrs. Johnnie Agnew had major surgery in Hamlin Hospital, early Saturday morning. Latest report is that she is also doing well.

Mr. and Mrs. J. H. Carter, of the Hanna community, were visitors of the Winslow Grays Sunday afternoon.

Rev. and Mrs. Derrel Lewis and children, were dinner guests of the Elmer Joiners Sunday.

Linda Goodwin was on the sick list this week, she has the flu.

NEINDA PHILOSOPHER AMAZED TO LEARN GOVERNMENT REQUIRES SOME BUSINESSES TO MAKE A PROFIT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route one may be misinterpreting a law, but we aren't prepared to say.

Dear editor:

Up to now, I haven't paid too much attention to Congress' struggle to change the tax laws this year, figuring it would take its time and anyway what it has done is not as bad as what it could do.

But I read an article last night that has bowled me over and I'm coming out for some immediate changes. According to it, a Texas millionaire who owns a professional football team at Dallas has been satisfied to let the team lose an enormous amount of money for the past three years, just taking it off his income tax. But under an Internal Revenue Service Law, he has only one more year to go, and if the team doesn't show a profit, he has to call it a hobby and go back and pay the taxes written off as losses the last three years.

This is a serious matter. You mean to say if I lose money four years in a row on this Johnson grass farm the government will call my farming a hobby and make me go back and pay income taxes on something I didn't make? Say I

lost money four years in a row raising cotton, you mean to say the government could claim I was raising cotton as a hobby?

This is the first time I ever knew there was a law requiring a man to make a profit. If enforcement of this thing spreads, it'll throw agriculture into a tailspin, not to say the penitentiary.

Up to now, farming was one of the few occupations where a man could lose money every year and still stay in business, and I'm appealing to you to use your influence to get Congress to repeal this law at once. Doesn't Washington know I've

had a good year when I can show a smaller loss than the year before?

You set out to tell a farmer he has to make a profit or be taxed for his losses and the bottom will fall out of agriculture.

In the mean time, while Congress is getting around to changing this rule, the least Washington can do is to double my government checks, just to keep me inside the law. I'll go along with such an arrangement, and Congress can take its time on the other part.

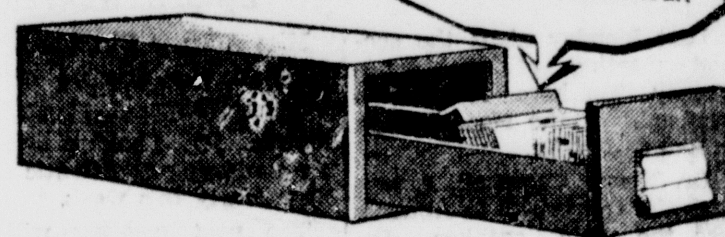

Yours faithfully,
J. M.

FORTY YEARS AGO

There are a few people very ill. Little Henry Albritton son of Mr. and Mrs. Albritton, is considered very low with a case of pneumonia. There are dozens of other cases of lesser form. . . . "I DON'T SEE ANYTHING"

THERE IS ONLY ONE WAY TO SEE THROUGH A CAMERA

Did you ever try to look through a camera from the front side? Yes, most of us have . . . out of curiosity . . . but we would not even consider trying to take a picture in such a manner. There are many though, who go through life never giving themselves a chance to really see God. In order to see God, one must look at him through faith. Attend church regularly, seek God where others can help direct you in your search for God.

"So then faith cometh by hearing, and hearing by the word of God."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—According to description given the House Appropriations Committee relative to the governor's mansion, it's in bad shape. Howard Rose, executive assistant to Gov. John Connally, says: "On the north side, the mansion is settling so much, there is a gap of several inches between the floor and the bottom of the front door." He added, "There are cracks in the walls and ceiling; a good deal of furniture needs re-stuffing; and the stove won't work right four days in a row."

"Also says Rose, "we have only one coffee table in the house. If you don't want to hold your coffee cup, you either put it on the floor or balance it on your knee. In the Green Room, there are no pictures. And we don't have eight complete sets of silver."

This prompted Appropriations Committee Chairman Bill Healy of Paducah to comment "I know we've spent between \$100,000 and \$125,000 on the mansion in the last six years."

Governor Connally has not requested any money for major repairs. He is asking for \$32,872 for each of the next two years to operate the mansion, including \$5,000 for utilities; \$1,500 for telephone expenses; and \$2,200 for "other supplies."

DELEGATIONS ORGANIZE — Texas' two largest delegations in the 58th legislature have organized for the purpose of working closely together "for better representation" of their region.

An 80-member Texas delegation elected Rep. John Allen of Longview as chairman.

About 30 West Texas legislators chose Rep. Richard C. Slack of Pecos as their leader.

COURT SHUFFLE PROPOSED—Rep. Henry Stollenwerck, young attorney from Dallas, appears to be the most active of the seven republican members of the house.

He is an aggressive participant in the five committee he's assigned to, and has co-sponsored bills by democrats. Stollenwerck feels he's been able to take an active part without defecting from the republican political philosophy to which he adheres.

After Governor Connally chided republican legislators for "obstructionism," Stollenwerck said, "The boys joke with me about what the governor said, and I just joke back and say I would be awfully disappointed if I thought he was talking about me."

He is author of a bill to move 12 district courts from places where filings and case loads are meager, to more-populated locations with heavy caseloads.

District courts in this state have not been reapportioned since 1907. Several bills have been introduced by big-city legislators who claim their towns need additional courts.

Stollenwerck said some East and Central East Texas courts he proposed to move had only 150 filings in 1967, compared to 1,500 filings in many other district courts.

GAME AND FISH MERGER HOT TOPIC—Rep. James Cotton's bill to merge the Game and Fish Commission with the State Parks Board—originally proposed by Governor Connally and the legislative Budget Board—hasn't come out of committee yet. It's a most controversial subject.

Legislators are beginning to feel pressure from all directions. The South Texas Chamber of Commerce sent them copies of a resolution opposing the merger. Then the Sportsmen's Club of Texas issued a statement in favor of the plan.

If the Weatherford representative's bill passes, some of the six members of the Parks Board and nine members of the Game and Fish Commission will lose their posts, since the composite commission would be limited to three members. So some legislators are torn between loyalty to local appointees and a desire to "streamline" state government.

BUDGET TRIMMED — Meanwhile, the current Game and Fish Commission ran into trouble with the Legislative Budget Board. Commission's executive secretary, Howard Dodgen, requested that during 1963 it be allowed to spend the \$9,199,000 it will have available. But the budget recommended a biennial appropriation of \$3,662,000 less than the agency requested.

POISON'S DANGERS CITED—Dr. Irwin L. Sawyer Jr. of San Antonio, director of the State Veterinary Medicine Association, appeared before the House Committee on Criminal Jurisprudence in favor of a bill by Rep. Howard Green, Fort Worth, to banish thallium pesticides from the market.

Dr. Sawyer described thallium as a heavy metal, which is colorless, odorless and tasteless in sulfate form.

"When mixed, thallium merely waits for a rat, a man, a child or a pet," he stated.

One reason it's so dangerous is that reaction to its poison may be delayed as long as 48 hours. Then it's too late for an antidote. "It's even hard to detect in post-mortem examination," said Sawyer.

FARMER LIABILITY LAW — Rep. W. T. Dungan of McKinney ran into some sharp questioning when he brought his bill before the House Judiciary Committee. Proposed bill would exempt farmers and ranchers from liability damage suits filed by injured sportsmen.

"The hunter pays the farmer to go on his land," Rep. W. H. Miller of Houston remarked. "That puts the farmer in business. Why not exempt the theater owner from damage suits filed by patrons who slip on popcorn sacks?"

After several other similar remarks, Dungan allowed that the wording of the bill might be improved. But he insisted that such a law would encourage more farmers and ranchers to open their lands to sportsmen.

DEFICIT DOWN — Deficit in the State General Revenue Fund was reduced in some two weeks from more than \$60,000,000 to \$35,401,125, according to a report by State Treasurer Jesse James.

Sharp drop was due to quarterly payments on the state's two per cent sales tax.

CRIME SPIRALS UPWARD — Texas' increase in major crimes during 1962 outstripped the population increase, according to Col. Homer Garrison Jr., director of the Department of Public Safety.

Colonel Garrison said an offense was committed on the average of one every two and one-half minutes last year. Crime jumped 6.6 per cent over the 1961 total.

Largest increase by population groups was 14.7 per cent in cities between 50,000 and 100,000. Largest decrease was 15.5 per cent in counties with less than five people per square rural mile.

APPOINTMENTS — Will Bond of Hillsboro was appointed by Governor Connally to a six-year term on the board of the State Department of Public Welfare. Bond's term was thus extended to January 20, 1969.

Hunter McLean of Fort Worth, newly-appointed member of the State Board of Insurance, was sworn in by Associate Justice Frank P. Culver Jr. of the State Supreme Court in Senate chambers ceremonies. McLean succeeds Dr. Joseph F. Trosper of Dallas whose term ended on January 31.

PENSIONS PROPOSED — A bill to provide retirement pensions ranging from \$100 to \$300 a month for elected officials has been introduced in the House.

Rep. George T. Hinson of Mineola and Joe Chapman of Sulphur Springs are the authors.

Hinson said their bill would pension the governor, lieutenant governor, state treasurer, state comptroller, land commissioner, agriculture commissioner, attorney general and members of the Railroad Commission.

REVENUE NOT ENOUGH — Senate finance committee is finding that the state does not have enough revenue in sight to "meet reasonable requests" of state institutions and agencies.

Sen. George Moffet of Chillicothe, chairman of the subcommittee hearing budget requests, told the Senate, "We can't add a lot more without having a new tax bill."

WRATH OF LADIES — Sen. Martin Dies of Lufkin says he
